

Greetings to Abba House Friends & Partners

Thai parents sold their 11 years old daughter as a child bride to a 41 years old Muslim man from Malaysia.

THE RELIGION OF PEACE is at it again

History of Islam tells us that Mohammed married Aiesha at 6 years then consummated the marriage at 9 years old.

All True and laid out clearly in the Quran and the Islamic book The Life of Mohammed.

A religion brought to the masses by intolerant clerics who espouse the ideas of and from a bloodthirsty pedophile that brings such questionable teachings to all at the end of a sword.

My question would be to this current child bride. How did she get a passport and travel out of the country? Obviously the parent (seen above) must share some responsibility here. Child trafficking without question because for sure there was a fee involved. Either way I do believe it's illegal in both countries and even under the dual law system of Malaysia, at least on paper. Thanks to the Thai government she is back home.
