

Greetings to Abba House Friends & Partners

Seen below are Thai youth offering their bodies to locals and tourist - this comes from lawlessness in the home, materialism and following the teen leaders. The coup de'tat has the army still running the nation, they have decided to invite China by the thousands if not millions by the end of the year, and these men have no clue as to how to treat these girls as their country is mostly men. These extra millions has caused multi problems and the pimps do murder them if they get out of control, they make it look like a suicide. 2nd problem with these China men - they talk the Thai teens to come to China and marry them, the lines at the airport are long, this causes a shortage of sex workers on the streets, so the pimps are now working double time kidnaping children from the hill-tribe villages to fill the gap, all children-both genders are even more at risk than ever before. Needs-Prayer.

Bible Hand out at our once a year flower parade in down town Chiang Mai. Similar to the US-Rose bowl parade in CA. Thailand floats have several orchids and more tropical flowers. Our address/phone number is inside every boy and girls pocket in case of separation our older girls help watch our younger girls. We need you to visit during this time to help protect.

Seen below that is most Thursday's at the drug rehab prison for teen boys and girls. Several received Christ this week To God Be The Glory - Amen ! Thanks also to our AH Partners & Friends.

GOD BLESS AS WE SERVE THE KING OF GLORY TOGETHER, DAVID AND JOYCE MOORE
