

Greetings to Abba House Friends & Partners

Politicians in the state of Kentucky who are fighting to put an end to the child marriage have had a potential bill postponed due to opposition from conservatives who still support underage marriage.

Under current laws, a 16 to 17-year-old can be legally married so long as they have the consent of their parent(s) in certain states, including Kentucky.

Additionally, any child under the age of 16 can get married if they are pregnant, as long as they're marrying the father of the child.

The new bill would stop anyone aged 16 or under from getting married and prevent 17-year-olds from getting hitched without the approval of a judge. The judge in question would need to be shown evidence the teenager in question is mature enough, self-reliant and has not been unwillingly persuaded into wedlock. (Source: Unilad)

Just as marijuana leads to Heroin, know that pornography leads to human trafficking. Porn degrades and exploits women. The true mark of a man lies not in his muscular definition or his bank account but by the way he treats women. Looking at pictures of women naked is hardly respecting them. Now, I know that some women sell their bodies for such pictures but again, a real man shows respect for all women, not just those who deserve it. Porn is like an acid eating away at the part of the soul that sits one apart from the animals, captive to every physical urge. It leads to seeing women as objects, not people, and deadens one's ability to empathize, making it nearly impossible for men to have normal, healthy relationships. Porn is also addictive and it ruins lives and families and like marijuana that no longer satisfies the appetite, porn will start requiring more and more, and then come children. It breaks my heart to think of how many times our little girls in Thailand have been violated, childhood lost. They are trying very hard to fit back into society, to be normal, going to school again doing their homework. A Word of encouragement to them is," Old Things have passed away, behold all things have become new." (From II Cor 5:17)

I am honored and humbled that I can take leave to the States and know that Abba House - Thailand will continue with all our weekly evangelistic outreaches, leading teens to Christ preaching the Word - handing out Bibles...prayer...Amen.. To God be the Glory..... (Chiang Mai Detention Center) - 72 present 20 salvations.

GOD BLESS AS WE SERVE THE KING OF GLORY TOGETHER, DAVID AND JOYCE MOORE
