My assistant Jo'ann just got back home from So.Africa and before she unpacks takes half our staff to hand out one hundred Bibles to Inmate family's while the other half goes inside the Chiang Mai men's Prison to teach our discipleship class, the head count for this particular adult men's prison is 7,300. AH has rescued several of these men's children down thru the years and saw to it they received an education. Glory to God...Amen (Left Pic)
