Outreach with this HIV children's home before this Northern Cascade youth team leaves (after leading ten plus boys from the drug rehab to Christ). AH thanks them and our staff for organizing Christmas and New Year's party, now making plans for our next group of married couples staying awhile with us to continue Teaching English and reaching out to our community with our missionary work.

The drug rehab for teen boys praying to receive Christ - never get tired of these weekly postings - this Thai government outpost has several of these teens coming in for an average of two years, seems like we are blessed to have new faces on a regular bases and hopefully some of these decisions are from the heart and when they grow to be adult men they will make a Christian difference in their community's. Thanks to our partners as well.

GOD BLESS AS WE SERVE THE KING OF GLORY TOGETHER - DAVID AND JOYCE MOORE THAILAND
