

Greetings to Abba House Friends & Partners

Who Are We: We wanted to share a note with you about how we are a "Foundation" registered with not only the USA-IRS but also the Thailand government, which is very strict in overseeing our Christian care to these Thai children. We remain in good standing with both since the beginning, back in 2002.

Our various ministries are; Soul Winning; Stop Human Trafficking-Rescuing abused Children at risk with long term care giving including education; Thai Gov. Prisons for both adult and teen's, both genders; Inviting Christian -youth teams from around the world to come along side of us to learn and enter-act in evangelism with 24 hr living conditions for both long and short term time periods; Teaching English to a local Thai Gov. university of 20,000 students mostly Buddhist, for the main purpose of leading them to Christ; Sunday and Wed night Church services here at our AH campus; Out-reaches to Nursing homes, Drug rehabs, Schools, HIV children homes, Disabled children homes ran by the Thai Buddhist government, Down town enter city street evangelism; Handing out Bibles at hospitals as well as prison family's and local gov. schools; English and Evangelism to as many gov. schools that we can get into; AH also offers an online Bachelor's degree with 15 different major's to pick from and taking the Gospel to Hill-tribe Villages anywhere and everywhere possible.

The Great Commission; 1. Soul winning 2. Water Baptism 3. Discipleship

We are about our Father's business of telling all lost people about Jesus as they are going to hell if no one else will tell them different.

We are not supported by any denominational Church nor organizations of any kind of group. In 2002 we retired early from our jobs after vacationing here because we found out they are 95% Buddhist, Thailand has a high rate of human trafficking, we have been living on our life savings taking zero salary's with zero expenses paid. Thailand is in the 10-/40 window. Please pass this newsletter on to anyone that you think might be interested in us and our missionary efforts and Thank You and yours in advance for joining our vision. The Moores are not flying back to the States for 2019.

Today the team handed out Sketch Bibles at a local hospital and tracks at our beloved Maejo University lunch canteen and of course our English classes with the AH girls after dinner.

Abba House - Thailand - Welcomes our Bali, Indonesia Christian youth team. It is game day with our children and tonight is a Phd speaking up at the Maejo University on Creation vs Evolution debate that should be eye opening, good time for question and answers to consider. Expecting 50 people - please be mindful that this is a Thai Buddhist government university and a huge achievement. Some pics seen below.
