

Abba House Foundation May Newsletter: Greeting to Friends and Partners

Abba House has a separate shelter space for our rescued boys ten miles away from our main campus for girls, they are able to attend the same schools and drive their AH motorcycles over for special occasions and Church services-lunch. After they graduate from our programs we try to find them employment. Our local drug rehab detention prison for boys also sends us teen boys at risk. Thank You Jesus for speaking to the hearts of these children and changing them by the power of the Holy Spirit. Amen Partners.

Abba House - Thailand - Chiang Mai teen girl's detention prison averaging fifty or so inmates, arrested for selling sex, drugs other girls, etc. Human Trafficking agents train these girls to sell for them 24/7 when caught they are put in here awaiting their trial or serving time (while the trafficker goes free). When they are released, Abba House is on their call list but more than likely the trafficker will pick them up and put them back to work in a different location. In the meantime five of these girls came to Christ this

day, Bibles were handed out with our contact info inside and prayer was rendered for all who asked. Needed is your prayers as well - God bless our AH partners ♥

Y's parents and three years old sister were murdered while she was at the store buying oil. Village people bounced her around from hut to hut and yes she was abused each time, till she was sent to BKK to work in a sweat shop she slept under the table where she worked 12 hours - six days a week, she finally got out for one day off and called a Church, they called AHF and we picked her up. At 14 years old we put her in an adult grade school and later college, with a B.A. in English she got a job at a Chiang Mai hotel at the desk. Twelve years after the murder AH found out who killed her parents, we went with the police to arrest him, he had a trial, was found guilty, serving life in a Nan, Thailand prison. (Memory retold)
